

## **New bar and café open in RMIT Village Old Melbourne**

Students at RMIT Village Old Melbourne are already giving the “thumbs up” to their new café and bar.

The café and bar are designed to be relaxing places to unwind after work or university, grab a quick bite to eat, or share a drink with friends. The café has a fresh and varied menu at student prices.

“About 200 students and their families from country Victoria have been among the first the first to try out the menu during the Village’s recent open day,” Campus Living Villages General Manager of Operations, Tim Weston, said.

“It means students now have the option of either cooking in their own rooms or visiting the café for a well-priced convenient meal.”

“The new bar and café are the finishing touches to the refurbishment of RMIT Village Old Melbourne, which offers contemporary, sophisticated student accommodation, an outdoor heated pool, BBQ area, and a useful resource centre with computers and fast wireless internet,” Mr Weston added.

The café serves breakfast, lunch, dinner and snacks – along with daily specials.

RMIT Village Old Melbourne is run by Campus Living Villages - a specialist student housing provider which operates student accommodation throughout Australia, New Zealand and the United States.
